The History of Château Laffitte Carcasset

The origins of Château Laffitte Carcasset went back to the Kingdom of France in the beginning of the 18th century. The vineyard was established in 1759 in the heart of the Saint-Estèphe appellation with the hamlet "Le Carcasset" and was already represented on the Cassini Map.

Jean Laffitte, the King's prosecutor in Bordeaux, became the owner in 1781 and gave his name to the estate. This beautiful chateau and its Bordeaux-sized stone is typical of the traditional mansions of that time - reception rooms overlooking the vineyard and its charming gardens.

The 40-hectare vineyard is surrounded by some Grands Crus Classés of the appellation and is located on the Saint-Estèphe gravelled plateau where the cabernet sauvignon and the merlot can express their optimal potential. The Château Laffitte Carcasset is classified as a Cru Bourgeois since 1932 and as a Cru Bourgeois Supérieur since 2018. It has always been a familial estate and it belongs nowadays to Pierre Rousseau and his family who acquired the property in 2016
